

## Lyrics for SO CLOSE

### **Something About My Praise**

The flowers in the field, burst forth with blooming.  
And the wind seems to whisper, He's alive,  
Even the trees lift their branches, high to the heaven's above,  
In perfect harmony with the creator of the world.

But there's just something about my praise He loves.  
Something about the way I speak His name, Jesus.  
All the hosannas and hallelujahs are sung to Him by the angels above,  
But there's just something about my praise, something about my praise, He loves.

The Lord has been so real to me, He's given me a special kind of love.  
And I have more to thank my father for than all the angels in heaven above.  
See I've been for a cleansing, in that crimson stream of love,  
And that makes my praise just a little something special to the father above.  
And just because I'm His child. . . .

### **Unrelenting Love**

If I were you I would have given up on me, long ago.  
Before you formed this world you had a perfect plan, and now I know.

You were there pursuing me, everywhere were moving me with your gentle touch.  
Faithful tireless tenderness hands of heaven that wouldn't rest, 'til my heart gave up.  
To your unrelenting love.

Here I stand a few miles down this road of faith and I believe,  
That you have drawn me near with your unending grace, and now I see

I could never question if you love me, oh that's a proven fact.  
You took my crown on your head, you took my stripes upon your back.  
You hear me, you hold me, you won't let go.

### **Change Me Now**

You were denied then crucified, yet you prayed to your Father, to forgive us.  
We've caused you pain, time and again, yet you laid down your life because you loved us,  
I was guilty then, here I am again, against you only have I sinned.

Change me now, never let this heart grow cold  
Change me somehow, purify this needy soul  
Look into my heart, tell me what you see,  
Cleanse me when you find any wicked way in me,  
With your tender touch, Lord I need you so much, to change me now

The seeds I've sown, the deeds I've done, by the power of your blood please remove them  
Restore my joy, I need you Lord,  
I need more of your love so you can use me,  
Will you search my heart, with your holy light,  
Take every wrong and make it right, Lord hear my cry.

### **So Close**

Am I close enough to hear your very heartbeat, in a world of the calloused and the cruel.  
Am I close enough to share the love that I've received, so that someone will find the joy of knowing you.  
I want to walk day by day, enjoy the quiet times, to seek your face and know your mind

I want to be so close to you Father, I want to be so close, so very close to you,  
That's the single thing that I want to do, is just to be so close.

Am I close enough to feel your spirit breathe on me, as your working our the wrongs to make them right.  
Am I close enough to hear you when you call my name and then obey, so you don't have to call me twice.  
I want to follow where you lead, without asking why, I want to know your peace for the rest of my life.

I want to be in your will and not in your way,  
I want to walk with you each and every day.  
I want to be the one that knows you almost as well as you know me,  
I want to be, I want to be. . . .

### **At Your Feet**

She brought you oil, the purest gift she had,  
You washed her soul with your tears.  
Though more than a thousand years have passed,  
I still weep at how much that woman's just like me,  
How much I want to be,

At your feet, where I feel your spirit cover me.  
And the darkest of my sins they are forgiven,  
What will you ask of me, I'd give up everything,  
Just so I can be at your feet.

I know one day I'll open up my eyes  
To the wonders of heaven foretold  
And I'll see that glorious mansion on high  
But I'll be content to see your face,  
If I can just find my place.

### **It Is Well**

When peace like a river attendeth my way, when sorrow like seas billows roll.  
Whatever my lot thou hast taught me to say, it is well, it is well with my soul.

My sin oh the bliss of this glorious thought, my sin not in part but the whole.  
Is nailed to the cross and I bear it no more, praise the Lord, praise the Lord oh my soul.

It is well with my soul,  
It is well, it is well with my soul.

And Lord haste the day when my faith shall be sight, the clouds be rolled back as a scroll,  
The trump shall resound, and the Lord shall descend, even so it is well with my soul.

### **Don't Hide the Scars**

I wept all alone, and suffered on my own, I didn't think anyone would understand.  
Until you opened up and shared your painful past with me,  
Then the wounds that I kept hidden, were touched by heavens hand,  
Because God used you and all that you've been through.

Don't hide the scars, don't be afraid to let them show.  
Cause someone who hurts will see themselves in you.  
There is healing in knowing, you're not the only one.  
You can touch another heart, don't hide the scars.

Everyone must go through dark nights of the soul, and bear the pain and all the wounds life can

bring

But in our weakest times, we need each other's strength,  
And with God's love flowing through us, we find the faith we need.  
So no matter where we've stood, it all works out for good.

### **Only God Can Heal**

Dreams defeating, thoughts misleading, the future seems so dim, and now your ray of hope is growing dim.

Broken promises, no second chances, the weight is much too great,  
Don't waste a moment please don't hesitate,  
To take your troubles to the One who can turn the tide around,  
No other refuge can be found.

Only God can heal, the pain and hurt you feel.  
Only God can heal, the wounds that tear you apart,  
Only God can heal, there is no better place where you can go,  
Don't you know that only God can heal.

Hearts unready, steps unsteady, you want to take it slow, somehow you feel that you just can't let go,  
Of past emotions, those lasting notions, they say you can't be free, but there's a way to change your destiny,  
Oh take your troubles to the one who can turn the tide around,  
No other refuge can be found.

He'll be there whenever you call Him  
Don't despair the Lord will hear your every cry  
Any where, wherever your calling,  
Burdens bear, the Lord is right there by your side.

### **He Came Through**

Who knows what the future brings, who knows where the road will lead  
Well the world can change forever so quickly, it's an age of uncertainty

Sometimes when you call on the Lord, sometimes He can seem so far away,  
But I say wait you must believe, wait He won't forsake His own,  
Your not alone

He came through for me, and I know He'll come through for you  
He's never been less than faithful and He cannot be untrue  
Even when life's storms are raging, He's the one that never changes,  
He'll come through,  
He came through for me, and I know He'll come through for you

My Lord, is the first and the last, my Lord sees the end of all time  
Even when life goes beyond my understanding, I'm at peace with His hand in mine.  
God knows what the future will bring and God has a plan for me and you  
I say trust and then obey, believe it will turn out okay, He's made a way

There's a path that's prepared just for you, He came through for me, and I know He'll come  
through for you.

Don't forget He's faithful who promised,  
Every word to us is guaranteed, He only asked us to believe, just believe

### **You Are Still Holy**

Holy, you are still holy, even when the darkness surrounds my life  
Sovereign, you are still sovereign, even when confusion has blinded my eyes  
Lord I don't deserve kind affection, when my unbelief has kept me from your touch  
I want my life to be a pure reflection of your love

And so I come into your chamber and I dance your feet Lord  
You are my Savior and I'm at your mercy,  
All that has been in my life until now,  
It belongs to you, you are still holy

Holy, you are still holy, even when I don't understand your ways  
Sovereign, you are still sovereign, even when my circumstances don't change  
Lord I don't deserve your tender patience  
When my unbelief has kept me from your truth  
I want my life to be a sweet devotion to you
